Onderwerp: Re: visio Drenthe - answers

Dear all,

Please find the answers of all your questions below.

1. Communication (question of possibility of using the name of PdF)

> Question from us regarding communication, if it might be possible to also use the name of Puy du Fou in external communications, that's asked by the mayor and deputy of the province because they think it would benefit the project as a whole, so they want to ask PdF to please consider because it might help getting it through

> This because people want to know what kind of theme park it will be, in that respect and knowing the good name of PdF and the environment they create might be actually helpful, both for the discussions with stakeholders and civilians as well as getting investors interested in financing the park

Answer : Ok for investors, provided an NDA has been signed beforehand. For the rest : it's premature.

2. Use of animals (species and numbers) and wood fires (m3 wood per year) for the nitrogen research

> Still work in progress but in first phase there's only 1 show with animals (outside show), only horses (between 10-30) and maybe some dogs (5-10), depends on the design of the show

> Impossible to say anything about the use of wood, that's too early in this stage, what can be used in the research is that there might be some wood fires and fireworks that are used

Answer : We will be at a maximum of 50 animals in phase 1 yes.

3. Agenda of the 12th of December

> The mapping / zoning of the first phase (65ha) into the plot (after this Thursday we'll send the map) and possible reservations for next phases

Answer : Do you already have an idea of the firm that will be responsible for raising the funds ? If the rest of the feasibility study would be positive.

4. About the hotel at Phase 1

Answer : A hotel is privileged in Phase 1 because it is possible to operate it also during the winter (corporate events).

Kind regards,
